Annual AVTRW Conference 2019

We are pleased to announce that the 73rd Annual AVTRW Conference will be held on 16-17th September 2019 at the Moredun Research Institute in Edinburgh, UK. Oral and poster abstracts are invited.

We particularly encourage early career researchers (including undergraduate students, postgraduate students, interns, clinical residents, and lab technicians) to present their work. The conference provides the ideal opportunity to present research findings, including those of a preliminary nature, in a relaxed supportive environment and to facilitate interaction with other researchers in all aspects of veterinary research.

There are several generous student bursaries that can be applied for and cash prizes for the best poster and oral presentations.

Important dates:

- Extended abstract Submission Deadline: 30th July 2019
- Early Bird Registration Deadline: 30th August 2019

We welcome abstract submission on any topic of veterinary research, in particular those within the following core themes:

- Pathology
- Epidemiology
- Knowledge Transfer

Those selected for oral and poster presentations will be notified by the end of July, and the final conference programme will be finalised and made available in early August. Further information, including abstract submission and registration details can be found at http://www.avtrw.co.uk/events/

Any questions can be addressed to the organisers at edinburgh2019@avtrw.co.uk

We look forward to meeting you in September.

Kind regards,

Dr Adrian Philbey
AVTRW President

Conference Registration

Full Conference (two days):   £65 (student member)
           £95 (student non-member)
           £95 (member)
